

Online Talks – For Students (Year 10+)/Teachers/Parents/Carers:

Following a break over the festive period, the BSMS Admissions and Outreach Team have scheduled more of our online talks designed for secondary schools students from Year 10 upwards. The talks focus on a variety of topics and have previously had a really fantastic uptake with students both in the UK and worldwide. We're relaunching these from February onwards and will be looking at areas such as student life at medical school, the NHS and getting into medicine. All the talks are free to attend, but spaces are limited. Tickets can be booked on our events page [here](#).
